## Principal's Message

Dear Mustang Families,

As we begin the month of February, I want to take a moment to recognize the strong start we've had to the new year and the continued partnership we share with our families. January brought meaningful events that helped us welcome our future Mustangs and support our current students, and February promises even more opportunities for growth and connection.

Our first **Mustang 101** for incoming 9th graders was a tremendous success. I want to extend a heartfelt thank-you to **Mrs. Loney** for organizing this event and to all staff who helped create an engaging and informative experience. Students explored our campus clubs, met with our counseling team, and participated in hands-on activities in our agriculture program.

That same evening, we hosted our **Incoming 9th Grade Parent Orientation** in the auditorium. Thank you to all the families who attended and to the staff who helped make the night welcoming and informative.

we are proud to share that **KSBW interview our HOSA students**, highlighting their dedication to healthcare leadership and community service. This is a wonderful opportunity to showcase the hard work and passion of our students.

As a reminder, **Progress Report grades are due on February 3rd, 2026**. We encourage students to stay focused, communicate with their teachers, and take advantage of the support available on campus.

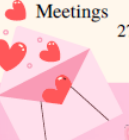

Additionally, **ELPAC testing will begin on Monday, February 2nd, 2026**. We appreciate your support in ensuring students arrive on time, well-rested, and ready to do their best.

Thank you for your continued partnership and commitment to our Mustang community. Together, we look forward to a positive and productive month ahead.

Warm regards,

Students spend one day a week rotating through nine hospital departments, earning **hands-on experience, BLS certification, and Patient Care Technician certification.** Seniors **Eileen Quintana** and **Julissa Caballero** shared how the program has opened new career pathways and inspired their future goals.
